

Exhibit 2
Seismic Safety Commission
Legislative Report
February 2003

	<i>Location</i>	<i>Summary</i>	<i>Comments</i>
ASSEMBLY BILLS			
AB 28 (Pavley) Firefighting Equipment-- Hazardous Materials	Assembly Governmental Organization Committee	Subject to the availability of Federal funds, directs OES to establish program for the acquisition of hazardous materials equipment for State and local fire service agencies.	Complements SSC's current US&R Committee report (in progress) on needs of local first responder agencies.
AB 86 (Daucher) Charter Schools	Assembly Education Committee	Authorizes school districts to become a "home rule" school district if specified conditions were met. Under this bill, the school districts would still have to comply with the Field Act.	Consistent with Commission's support of the Field Act
AB 97 (Nation) Schoolteacher Emergency Preparedness	Assembly Education Committee	Expands the list of requisite training for schoolteachers by adding proficiency in emergency preparedness.	Consistent with Commission's CELRP (Initiative no. 3.4.1) to maximize preparedness and training of teachers and staff in schools.
AB 152 (Levine) Use of non-compliant Field Act buildings	Assembly Rules Committee	Makes a non-substantive change to the existing law requiring DSA to adopt -- by April 2003-- emergency regulations on the use of non-Field Act compliant buildings as school facilities.	Spot bill.

Exhibit 2
Seismic Safety Commission
Legislative Report
February 2003

AB 225 (Frommer) Field Act (K-12 buildings)	Assembly Rules Committee	Directs DSA and the Department of Education to develop a “checklist” to provide local school districts guidance with evaluating potential use of private buildings as school facilities.	Consistent with recommendations of the Commission’s 2002 Report on the feasibility of using non-Field Act compliant buildings as schools.
<i>SENATE BILLS</i>			
SB 9 (McClintock & Perata)	Senate Governmental Organization Committee	Establishes a State Realignment and Closure Commission to study certain state entities and make recommendations for the termination or re-organization of those agencies.	Seismic Safety Commission would be subject to review by the Realignment and Closure Commission.
